GRADE POINT AVERAGE

Only grades of A+, A, A-, B+, B, B-, C+, C, C-, D, F and WF are considered in grade point average (GPA) calculations. The GPA is computed by dividing quality points by the number of credit hours scheduled in which a final grade of A+, A, A-, B+, B, B-, C+, C, C-, D, F and WF has been recorded. Quality points are calculated by multiplying the credit hours for each course by the point value of the grade earned. Credit by examination, credits which carry "S" or "U" grades, institutional credit courses, and courses specifically excluded by university policy (% grades) are not used in computing the cumulative grade point average.

TRANSFER CREDIT:

Courses transferred from another institution are not recorded individually, but are summarized by institution with totals.

OTHER INFORMATION:

Five quarter hours equal 3 1/2 semester hours or one course credit. A quarter is approximately 11 weeks. A semester is approximately 15 weeks.

Undergraduate courses are not included in summary data for graduate students, and graduate courses are not included in the undergraduate summary data.

Courses are reflected on the transcript by the levels of UQ (Undergraduate Associate Quarter), UA (Undergraduate Associate Semester), UG (Undergraduate Quarter), US (Undergraduate Semester), GR (Graduate Quarter), GS (Graduate Semester), LQ (Law Quarter), and LW (Law Semester).
